

Could you join the Adults and Communities Engagement Panel?

If you live in Leicestershire and have personal experience of accessing adult social care services, then we would be delighted to hear from you.

Volunteer Panel members use their experiences to advise the Department on how it can improve services and ensure that its key decisions are shaped by residents, service users and carers. They provide valuable insights into how the Council's adult social care services can best support vulnerable adults within the wider community to live active, independent and fulfilling lives.

I wanted to make a positive difference to people's lives and help them gain knowledge and access to the help they are entitled to. I also wanted to represent people like me, who have physical disabilities as we often have to fight to be heard. Ellie

If you are interested in becoming a Panel member or would like to find out more, please contact the Strategy and Planning Team via e-mail (a&c-strategy@leics.gov.uk) or phone (0116 305 4886). For further information, go to www.leicestershirecommunities.org.uk/asc/engagement-advisory-panel
