Local Transport Plan 4

The councils current Local Transport Plan, LTP3, is coming to an end in 2026, and no longer accords with national planning, transport, and environmental policies. It also has a limited focus on health and well-being and the potential benefits that active travel provides Leicestershire for local communities. We have taken the decision to update it with a new Local Transport Plan which will know as LTP4. **For more information on the Local Transport Plan visit our webpage >** leicestershire.gov.uk/local-transport-plan

The Environment and Transport Department is also working to develop supporting strategies, including Leicestershire Highway Design Guide, Electric Vehicle Strategy and Cycling and Walking Strategy which allow more opportunities for you to feed in your thoughts and views.

CONSULTATION

A public consultation on the draft Local Transport Plan 4 is due to start on 12th August and close on Monday 23rd September. You can feed in your thoughts by completing a survey questionnaire which will be on our have your say pages leicestershire.gov.uk/have-your-say
