## IMPORTANT: Confirming your booking

We are continuing to experience a system error with our course booking system, whereby we do not receive your booking request into our Childcare Inbox. Therefore we do not physically book you onto the training course you have requested. This has resulted in some people attending courses when they are not on the Register and this causes embarrassment and delay for both the Tutor and delegate. **Please read the [following information](#) to ensure you get booked onto the course.**
