**FEEE**

**FEEE Payments**

The summer term final payment will be made by Friday 26<sup>th</sup> October.

**Adjustment tasks opening and closing**

You will be able to enter details of any adjustments from the 29<sup>th</sup> October. The closing date has changed to Wednesday 14<sup>th</sup> November. Please make a note of this change. We also advise that you make the majority of adjustments as early as possible as due to system upgrades out of our control, there may be fewer days to submit your information.

## Adjustment payments

Please be reminded that we will only pay for late amendments that have occurred after the adjustment deadline date. For example, new starters who join after the deadline date or reduce/increase in hours started after the deadline date. Any late claims for children who are at the setting before the adjustment claims period ends will not be funded.

## HMRC Codes for Extended Entitlement

The local authority cannot make any extended entitlement payments in the Autumn if a parent doesn't have a code predating the 31 August. If temporary codes are issued we will need to see written evidence of this to make a payment. Please inform parents of this and that all enquiries must be settled with HMRC. – contact them on 0300 123 4097.

## Signing in to the provider portal

New guidance has been produced to support you in logging in to the [Provider Portal](#) if you forget your password. Please find details [here](#).

## Safeguarding

### Early years safeguarding

The Department for Education (DfE) has published the outcome of the [consultation](#) looking at level 2 early years practitioner qualifications. The criteria for safeguarding has been strengthened and revised so that: level 2 practitioners will be required to know the legal requirements and guidance on child protection; recognise when a child is in danger, at risk of serious harm or abuse and explain the procedures to be followed to protect them; and know their specific role and responsibilities in relation to protecting children.

### Serious Case Review Updates

The NSPCC has added six [case reviews](#) to the Collection this month featuring a number of issues including non-accidental head injuries, child sexual abuse, suicide and harmful sexual behaviour.

### Mental health support for children in care

The Department for Education (DfE) has announced a new £1million pilot scheme that will aim to give children in care better mental health assessments as they enter the care system. The trial aims to establish: which professionals should be involved in the assessment process at which stage; and to develop best practice that ensures the child's unique needs are at the centre of the process. Read the full report on the scheme [here](#)

### Children speak out on homelessness

The Children's Rights Alliance for England (CRAE) has published a [report](#) on the experiences of homeless children housed in Bed & Breakfasts (B&B) and Temporary Accommodation (TA) in England. The report claims that children are being housed illegally in B&Bs for long periods, leaving them at risk to sexual exploitation, mental and physical health problems, and disruption to their education.

### Online safety

The 5Rights Foundation, a charity advocating for children's rights online, has published a [report](#), outlining the damaging effects of 'persuasive design', a practice which manipulates innate human behaviour, and its impact on children's social, mental and physical development.

## School Readiness

### *A shared understanding across Leicestershire*

Leicestershire Children and Families Partnership is committed to ensuring that every child gets the best start in life and is supported to be ready for school.\* Ready to learn, enjoy meeting new friends and make the most of the new experiences school offers. Children who are ready for school have a greater chance of future success and unlocking their potential.

Early years providers, schools, families and 0-5 services all have a shared responsibility to ensure that each individual child is ready to continue their learning journey as they enter school. We need to ensure that those children who may need additional support are identified and supported early.

During autumn 2017 a consultation was launched to support developing a shared view of school readiness across Leicestershire. Leicestershire's shared view of school readiness is based on the multifaceted nature of school readiness presented in the UNICEF paper School Readiness. A Conceptual Framework (2012) and has been informed by the responses from this consultation.

The following materials have been developed for all those working with children 0-5 to support working together for a child ready, family ready, school ready community.

- A shared understanding across Leicestershire – [a booklet for professionals](#)
- Ready for school? – [a leaflet for families](#)

All families with a child due to start school in autumn 2019 will receive a 'Ready for school?' leaflet in the Autumn Term 2018 from Public Health alongside the 'applying for a school place' letter.

An electronic toolkit is currently being developed for both early years providers and schools to support good practice. These will be launched at the Early Learning and Childcare Service 'The Big Conference' in March 2019.

A communication package to support promoting school readiness will be available shortly.

[We hope all early years providers and schools will promote and support Leicestershire's shared view of school readiness](#)

## Leicestershire Ofsted Inspections

### Partnership working

Recent Ofsted reports for Leicestershire PVI settings and childminders indicate that partnership working with other settings a child attends is an area highlighted for providers to develop to further improve the quality of their early years provision.

*Providers must enable a regular two-way flow of information with parents and/or carers, and between providers, if a child is attending more than one setting.*

*(Statutory Framework for the Early Years Foundation Stage, April 2017 paragraph 3.68)*

Ofsted Inspectors will be looking for evidence of 'the effectiveness of arrangements for sharing information and working in partnership with other providers, schools and professionals to identify all children's needs and help them to make good progress'.

Early Years Inspection handbook: Handbook for inspecting early years in England under sections 49 and 50 of the Childcare Act 2006 (*Reference 150068*)

Effective partnerships and communication help to build relationships, help to keep things working well and lead to improved outcomes for children and their families. [Partnership working with other settings / childminders](#) and [partnership working with schools](#) is key to this.

Leicestershire's [Mind the Gap](#) document also supports this aspect of provision. Here there are 7 booklets to support transition. Booklet 3 'Throughout their day' tells us that:

*'Children's social, emotional and educational needs are central to any transition between one setting and another, or within one setting. Some children and their parents and carers will find transition times stressful, while others will enjoy the experience. Effective communication between settings is key to ensuring that children's needs are met and there is continuity in their learning and care.'*
