& OTHERS**

 Leicestershire  
County Council

**Issue 56 – 25 November 2020**

Dear colleague,

Please find below an update on current and forthcoming vaccination programmes.

### **Covid-19 vaccination programme for adult social care**

The NHS Midlands Covid Vaccination Team has issued [an update on the delivery of the Covid-19 vaccination within adult social care, including care homes](#). Whilst agreed timelines for the vaccine delivery have not yet been confirmed, the communication outlines the work currently underway to facilitate an effective roll-out of the vaccine. We recognise that the involvement of adult social care providers in planning will be the key to successful and timely vaccination of the workforce and people who use services.

### **Ensure that your workforce is protected against seasonal flu**

Prior to the Covid-19 vaccine becoming available, please strongly encourage and facilitate your staff to take up their free flu vaccine as soon as possible. Following feedback from providers about a shortage of vaccine doses locally, Leicestershire County Council has identified that Mr Pickford's Pharmacy chain currently has doses available for staff – however, you are recommended to act quickly given the limited stock.

As outlined in bulletin 54, to access these vaccinations for free please book online at [www.mrpickfords.com/flu](http://www.mrpickfords.com/flu). To enable us to monitor take-up please use our code 'LLR' in the 'last name' field, as given in the following example:

First Name: Joe

Last Name: Smith (LLR)

Below is a list of the pharmacies where the vaccines are available and their opening hours:
