

1620s House & Garden
at Donington le Heath

**WORDS, POETRY
&
SHAKESPEARE**

Volume I

*Free Artist-led workshop, English
& Art, KS2 & 3*

Exploration, Discovery
& the 17th Century Age
of Enlightenment

Thinking of what to do for British Science Week 2020 & thereafter?

English in Shakespeare's time was very varied & ever changing. Looking beyond Shakespeare to other notable poets of the time we can see how the evolution of language connects with the evolution of ideas. Many poets from the Age of Enlightenment understood several languages & were able to draw on these other languages for dramatic affect.

During this workshop the pupils will create artworks that explore the use of different types of words

And they will learn about:

- *the evolution of the English language
- *how words can be formed to create sentences
- *the connection of the English language relating to the Age of Enlightenment
