

# Development *for* Clerks

## Level 3 Certificate in the Clerking of School and Academy Governing Boards

At NGA, our expertise and leadership has helped to develop and support excellent governance for more than 12 years. This is just one of the reasons why the Department for Education (DfE) has chosen us to deliver our Leading Governance Development for Clerks programme.

This accredited programme is designed for new and experienced clerks currently working in all school and trust settings. It helps develop the knowledge and skills needed for high-quality clerking.

### Programme delivery

This programme offers a blend of flexible learning over three academic terms.

Led by experienced facilitators, participants will attend workshops and access effective one-to-one mentoring throughout the duration of this programme. Learning will be both group-led and independent.

### What's included in the programme?

This is a development programme designed for those already in a clerking role and will include:
