

TEENTECH - Teen Tech CPD event information for primary and year 7 and 8 lead teachers, book now, March 26 4pm-6.30pm, FREE, at DMU

Here is the new information about a rescheduled Teen Tech CPD event for Primary teachers mainly, but also for **Lead teachers for Year 7 and 8. Please do pass this onto the relevant lead in your school.**

TEENTECH "CITY OF TOMORROW "CPD EVENT FOR PRIMARY TEACHERS including Year 5/6 teachers/ STEM /D&T Leads / KS2 Leads - plus Year 7/8 teachers

Arm your pupils with the skills they need to thrive in their future careers.

Come to our CPD twilight event where we will offer practical solutions, advice, free resources and programmes to deliver **effective STEM and innovation learning to your pupils to equip them with the skills they need to find the best employment path for them.** Including career related learning at a younger age provides critical support to pupils in understanding the fantastic breadth of job roles and opportunities open to them in this exciting and fast changing world.

Our aim is to share our knowledge and intervention methods to help you and your pupils raise aspirations, break down barriers and shatter stereotypes.

Join us

Date: Thursday 26th March

Time: 4pm to 6.30pm, arrival and refreshments from 3.30pm

Venue: [Demontfort University](#) Leicester

[Book a place](#)

There is no fee for this event.

NB: More than one teacher can attend from your school

What to expect at the event

- Access to free STEM focussed lesson plans: materials and content can be differentiated easily to suit the needs of all children
- Ideas about how to plan an enrichment day or several weeks of project-based lessons based on the project
- Meet lecturers and see some of the University's amazing facilities
- Advice on how you can deliver to Gatsby benchmarks for careers.
- Skills and advice to help your students shine and prepare them for a fast-changing world
- Networking with colleagues and ideas sharing
- Receive a certificate of attendance to support performance management process

This session will introduce our **City of Tomorrow programme**, where we offer resources, sessions and excellent opportunities for schools.

The programme is:

- Gatsby benchmarked
- Mapped to KS2 and KS3 curricula

- Cross curricular

And offers:

- All eight essential skills for employability
- Flexible delivery models which you can tailor for your school's needs.
- Engagement with an excellent network of STEM ambassadors in the local region
- Pupil and teacher invitation to the **London TeenTech Festival** to showcase work and get hands on with exciting technology and meet inspiring tech experts and personalities - **June 30th at Roehampton University**
